Dear Customers,

Welcome to the NHBS Wildlife Equipment Catalogue 2009.

We have everything you need whether you are bat detecting or butterfly monitoring, birding or botanizing, soil surveying or on safari. Our range of wildlife equipment is tailored to natural historians, field biologists and professional ecologists.

You can order online, by email, fax, telephone or in writing.

To stay up-to-date with all the latest publications and wildlife equipment at NHBS, you can sign up for our free newsletter. If you haven't already signed up, simply e-mail subscribe1@nhbs.co.uk.

Please don't hesitate to contact our Customer Services Team for information on any item or to help when placing ordering - they will be happy to provide expert advice!

Best wishes,

Nigel Massen
Managing Director
NHBS Environment Bookstore

Using the Wildlife Equipment Catalogue

Now that **NHBS Catalogues** are online there are many ways to access the title information that you need.

- You can browse through the subject pages online.
- You can view, save and print the complete **Wildlife Equipment Catalogue** as this single .pdf document.
- Items from this catalogue can be ordered online whilst browsing, ordered over the phone, by email, or by printing out an **order form** and posting us your order.

Supporting Conservation

NHBS is involved in supporting conservation at many levels - we consider this a key part of what we do and how we interact with conservation bodies and non-

commercial publishers.

➔ **Gratis Books**

Working in close collaboration with Professor William Sutherland at Cambridge University, we have distributed copies of his Conservation Handbook and Bird Ecology & Conservation to people working in science and conservation in developing countries. Several other titles are in the pipeline.

"Thanks a million for your thoughtfulness. I received the Conservation Handbook. It is very useful to my project. Once again thank you very much and may the good God bless us all as we strive to make the environment a better place to live." J Grody Dorbor, Liberia

➔ **World Land Trust**

The Books for Conservation programme is an exciting partnership between the World Land Trust and NHBS. From simple beginnings in 2002 when we donated surplus books to the WLT, this programme has developed into an important resource for struggling NGOs throughout the world. To date NHBS have donated hundreds of books to this WLT donation programme.
